TO THE BEAUTIFIERS OF THE COMPLEXION.

SURPRISING EFFICACY. My Eau Divine de Venus and Nymph Soap, composed of an eastern botanical discovery of surprising efficacy for rendering the skin soft and fair, as well as imparting a delicate roseate hue to the complexion.

As a creator and conservator of that most distinguishing charm of female loveliness, a transparent fair skin, Jules Hauel's Nymph Soap, or Eau Divine de Venus, may be said to exert an almost magical influence. Composed for the most part of oriental balsamic plants, to the utter exclusion of all mineral admixture, it is distinguished medically, for its extremely bland, purifying and soothing action on the skin; and by acting on the pores and minute secretory vessels, expells all impurities from the surface, allays every tendancy to inflamation, and, by this method alone, effectually dissipates all redness, tan, pimples freckles, sunburn, and other unsightly cutaneous visitations, so inimical to female loveliness. Its use will change a most billious complexion into one of radiant whiteness; while on the neck, hands, and arms, it bestows a delicacy and fairness which its continued use will happily protect, with every appearance of youthful charm to the most advanced period of life.

A TIGER HUNT IN CALIFORNIA.

The Indian guide who accompanied me on this hunt was called Jack, for shortness, and we had scarcely passed half a mile up the ravine before he announced that a tiger was near, and we concealed ourselves to wait his approach. In two or three minutes a beautiful young wild black horse came tearing along the clear part of the ravine, in the direction of our concealment; he was going at his utmost speed, and closely pursued by two splendid tigers that ran much quicker, and whose bounds we could distinctly perceive were great, as at each they rose several feet from the ground.

As the poor horse came up nearly to where we now were (for we crawled deeper into the ravine) he seemed to be nearly exhausted, and slipped down on his knees about thirty yards from where we kneeled down. One of the tigers crouched with all the twisting motion of a huge cat, and made a spring of about twenty feet right on the back of the horse, and seized him by the neck with a fearful growl; the other animal trotted round the horse, lashing his tail about, and roaring with terrific ferocity. they were too busy now with their victim to scent us out. "Are you ready now?" said Jack. "I am," said I. By agreement I covered the tiger on the horse, my guide the other; at a signal both guns went off together.

The one I had covered, rolled kicking off the horse, the other fell down and tumbled about in all directions, evidently badly wounded. "Now for the knife," said Jack; and we rushed up to where they lay.—Mine was dead, but the other was still active, though unable to move any distance. I went up to him with the intention of firing my second barrel through his head, when my guide insisted upon me letting him alone, and drew his long knife. The tiger had yet great vitality, and I was much alarmed lest he might yet injure the man, and kept the gun ready for an immediate shot.

Jack went boldly up to him; the infuriated animal grinned horibly and writhed rapidly about, throwing up a good deal of dust from the dry ground. One plunge of the knife, a roar, into him again, a hideous grin and a tumble about, some blood scattered on the ground, at him again, a miss stroke of the knife, try once more, both down and nearly covered with dust. I was now determined to put an end to this dangerous conflict, if I could; but the rapid motions of both men and beast prevented me firing, lest one would receive what was intended for the other.

The tiger had now hold of either the Indian or his clothes, as both rolled together; yet the knife was busily at work. At last his arm was raised high up with the red dripping instrument, and after one more angry plunge of it, the tiger turned on his back, his paws and whole frame quivering and with an attempt at a ghastly grin, he fell over on his side and died. Jack then stood up, covered with the blood of the animal, and his first ejaculation was "*un diablo*," in English, "one devil." I was anxious to ascertain if the man was hurt, and after washing himself in a pool of water near us, I was delighted to see that he escaped, with the exception of one faint bite on the shoulder, and a few tears of the paws on his arms, which he seemed to care nothing about. He was a brave man, told me he had killed many of them, but this one said died hard.

We now considered it prudent to reload our guns, as the smell of the blood about, and the dead carcases, might attract other gentry to the spot, that it would be just as well be prepared for. My shot after passing through the tiger, entered the horse's neck and killed him also. Jack told me how to keep a good look out while he skinned the animals, or, as he said, "took their jackets off." He worked with experienced activity, had in an incredibly short space of time the hides off the tigers and horse, rolled them all closely up into a convenient pack, made all fast with a thong which he cut off, and finished the affair by saying—"a doubloon's worth, any how."

"How old are your twins?"

"One of 'em is *seven weeks* ould, t'other *eight months* ould, plaize God!"

THE DAILY NEWS.

Newport:

WEDNESDAY, SEPTEMBER, 1 1847.

BY O. F. JACKSON, 97-THAMES ST.

JAMESTOWN.—The vote of Jamestown yesterday for Representative, stood:

For Updike, Whig,	19
For Thurston, Democrat,	15
Updike's majority,	4

THINGS IN BALTIMORE.—The Baltimore correspondent of the Washington Union, under date of August 25, writes as follows: Yesterday was a day noted for the arrival in our city of distinguished citszens. The morning train from Washington brought ex-President Tyler and the Hon. Cave Johnson, *en route* to the north. By the way, ex-President Tyler seems to be one of the happiest men in creation. He is constantly on the move with his young and interesting family, and seems as sprightly as a youthful groom during the "honey moon" The boat from Philadelphia last night also brought the Hon. Henry Clay, the Hon. Robert Walker, Secretary of the Treasury, and Colonel Davies, Mayor of Baltimore.—A large concourse of the friends of Mr. Clay met him on the wharf, and escorted him to his quaters at Barnum's Hotel. They remained in the vicinity of the hotel cheering and calling for Mr. Clay, until he finally appeared at one of the windows, and thanked them for the demonstration of respect that had been extended to him, and bid them a cordial good night. This morning he left in the western train for Harper's Ferry; but in order to avoid the crowd assembled at the Pratt street depot, joined the cars at the outer depot.

ENGLISH ITEMS.—The Belgium Government has determined to establish a direct steamboat communication between Antwerp and the United States.

It was expected that the monster steamer Great Britain would be afloat in the course of a week from the 14th inst.

A correspondent at St. Helena, in a letter dated June 16, informs us that Capt. Birch of the Water Wich, of 10 guns, had just captured a fine brigantine, with 510 slaves on board; she was apparently an American built vessel, but had, when captured neither papers nor colors on board.

By an official document, printed by order of the British House of Commons, it is shown that in five years to 1826, there were 5280 persons convicted on capital charges, and 97 were executed; in the next five years 077 persons were convicted, and 304 executed; in the next 3877, out of which 175 were executed; in the next, 767, out of which 44 were executed.

The Paris Constitutionnel states that the cholera is raging with intense severity amongst the Russian Army of the Caucasus. It has already carried off the General, Major Kowalewski, and Col. Prince Orbelian. The malady has diminished in some detachments of the army and increased in others. It is stated that the cholera had appeared in some of the mountain districts not under the dominion of Russia.

The total length of the new railways authorized during the last session of parliament, is 1,518½ miles.

The late advices from Germany communicate a fact of some interest to the mercantile world. It announces to the mercantile and shipping interests the important fact of the rights and privileges of a free port having been accorded to a district on the Weser where the small stream the Geeste runs into the river. This place is very near Bremenhaven, where all vessels of heavy burthen bound to Bremen are obliged to bring up. The Hanoverian Government is deepening the water at, and in the approaches to Harburg, it is believed with the intention to make Harbourg also a free port.

Since the 4th inst., Earl Dalhousie has been appointed Governor General of India, and Sir Henry Pettinger, Governor of Madras. Sir Henry Smith succeeds Sir Henry Pottinger, as Governor of the Cape of Good Hope. Sir H. E. F. Young will, it is reported, shortly assume the office of Lieut. Governor of Australia; and Sir Robert Wilson, now Governor of Gibraltar, is likely to relieve Lord Seaton in the administration of the Ionian Islands.

NAVAL.—The Iron steamer Water Witch sailed, on Thurdsay morning, from the Washington Navy Yard for Norfolk, where she is to take in her stores previous to her departure for the Gulf of Mexico

"CITY" ITEMS.

ATLANTIC HOUSE, Aug. 29, 1847.

MR. EDITOR,—Allow me to ask through the medium of the "News," if the Proprietors of the lot on which the celebrated Ruin, known as the "Stone Mill," is standing, cannot be induced to open the same to the public at least twice or thrice a week. This ancient relic, (than which there is none more interesting to the Antiquarian,) is now only to be viewed from the street, which prevents this attractive structure from being examined or appreciated, which is a great disappointment to MANY STRANGERS.

MUSIC STORE.—Our townsman, CHARLES D. WEEDEN, has embarked in a business which has long been a desideratum in Newport,—a *Music Store*, where piece music, as well as musical instruments may be obtained. We have often heard complaining among our musical amateurs, that it was exceedingly difficult to obtain a good assortment of sheet music in Newport, but this evil is remedied now, for Mr. Weeden will receive new music as soon as published, and also keep an assortment of standard musical works.

☞ To-day is Commencement at Brown University, and we suppose will be a great day in Providence.

☞ The Albany Knickerbocker of Saturday comes to us dressed in mourning, for the death of the Hon. Silas Wright.

☞ Some scamp started a story in Albany on Friday, that the Roger Williams exploded her boiler near Hudson, and killed fifty passengers. This story was believed and created great excitement till the Roger arrived safe and sound.

☞ In our advertising columns will be found an advertisement, together with a long list of arrivals at the Seaconnett House, in Little Compton. This house is at present under the supervision of Capt. Charles H. Miller, who is a great favorite with those who have ever been his guests, and this accounts, in part, for the popularity of this house.

☞ The large five story brick building on the corner of Ann and Nassau streets, New York, occupied by James Conner & Son. type founders, Jared Bell, printer, and others, was entirely destroyed by fire on Sunday night last. Loss $50,000. partly insured.

☞ Odd Fellows in want of Regalia, will find a good assortment at Mr. Henry Tisdale's.

FRANK FOSTER, of Providence, presents a very attractive bill of fare at his dining saloon to-day. Connected with his establishment is quite an extensive museum, which is really worth visiting. Admission *free*.

Foster's Saloon may be found in Broad street, No.'s 83, 85 and 87.

FREIGHTS GETTING UP.—A small bundle was sent us from Providence yesterday, weighing probably a pound, on which *twenty-five cents* was charged for freight. It was delivered to us by a boy, and we were too busy at the time to enquire by what "express" it came.

☞ It will be seen by Mr. Brown's advertisement in another column, that he serves up a real Rhode Island clam-bake at his Tea House, in Portsmouth, on Friday.—Mr. Brown's house is a favorite place of resort, and we doubt not this clam bake will call together a large company of epicureans.

CONCERT.—The American Vocalists give a Concert at Armory Hall on Thursday evening as will be seen by advertisement. They are excellent singers, and as all the vocal concerts we have had here this summer have been given by Italian companies, we doubt not these *American* vocalists will have a good house.

NOT IN THE BILL.—A trick was performed at Herr Alexander's entertainment at Masonic Hall on Monday evening which was not announced in his bill. During the evening, in changing his costume, he took a large gold medal attached to a gold chain, from his neck, and laid it down, either in or near an open window, and turned away for a moment, and on looking for it, 'twas gone—stolen by some one outside who was probably watching him, and saw him lay it there. This medal was presented to him in Havana, and was worth $150.

HATS.—Messrs. Parker & Weaver have received their Fall supply of Hats, and are now prepared to supply those who are in want. The crowns are just belling enough to be pretty.

UNION MAGAZINE.—No. 3 of this new and beautiful magazine is on our table, and it is fully equal to the two former numbers. This number contains a beautiful mezzotint engraving, "The Doctor," a line engraving, "The Justice's Court," a Fashion Plate, and several wood engravings, together with interesting original tales and poetry.

Israel Post, 140 Nassau st., N. Y. $3 per annum.

MR. JACKSON—

It is not, perhaps, generally known to many in our community, to whom it is interesting, that a new church is to be erected in Portsmouth, on the lot next north of the one on which stands the house now used as St. Mary's chapel. The church is to be built by private munificence, and will be named St. Mary.

The Rt. Rev. Bishop of the Diocese has appointed Thursday morning next at 11 o'clock, as the time of laying the corner stone. The ceremony on the occasion is exceedingly intererting, and is perhaps novel to many who will now have an opportunity of witnessing it.

The distance to the place of service being about five miles, and it being a very pleasant ride, together with the intrinsic interest of the occasion, will, I presume, induce many to attend. L.

FROM CALIFORNIA.—Capt. Drake, of the British ship Modeste, has arrived at St. Louis, having left Oregon on the 6th of May. He reports that when he left peace and quietness reigned throughout the land, and that the prospects of the season were very favorable.

The British Pacific Squadron had not been heard from for eight months.

Capt. Drake fell in with a party at Fort Hall, which had left California on the 4th of June, who stated that every thing was going on smoothly when they left; that Gen. Kearney was excercising supreme command; that Com. Stockton's flag ship was at Monterey; and that several ships of the squadron were at St. Francisco.

The Oregon emigrants were progressing rapidly.

The Mormons had eighteen months provisions. The Californians were opposed to their settling in that country, and it was contemplated that they would resort to force to prevent it.

APPALLING.—The mortality among the immigrants at Quebec and Montreal is appalling.—There are 2,200 inmates at the Quebec hospital. Number of deaths on the 13th, 81!

☞ The value of breadstuffs exported from the United States to Great Britain alone, since the 1st of September last, is estimated at $45,595,178.

THE TANEY.—Lieut. Hunter was permitted to ship his own crew, and he has one of the best manned vessels that ever appeared in New York.

☞ Gen. Kearny and suite arrived at St. Louis on the 25th August. He left California June 18th. All was quiet.

☞ The Apple Crop of New Jersey will be a failure; and, of course, *champaigne* will be scarce.

HYPERION FLUID.—Those who wish for a valuable preparation for the hair, are referred to Mr. Bogle's advertisement in another column. His Hyperion Fluid, it is supposed, will soon supersede most fluids now in use for the hair, as it is of a very superior quality.

SAND'S SARSAPARILLA.—The following is an extract from a letter received from Mrs. Bevan, who had been afflicted for several years with scrofula ulcers, dyspepsia, &c. and recently with an affection of the throat and chest—

Baileysburg, Va. Dec. 13, 1845.

Messrs. Sands—Before I commenced using your Sarsaparilla, my sufferings were past expression. My throat was completely ulcerated, I had a severe cough, and there were frequently weeks together that I could not speak above a whisper; besides, the inflammation from my throat extended to my head, so that my hearing was very much impaired. After taking the Sarsaparilla for a short time my health improved, and my throat is now well. I am as free from cough and tightness of the chest as ever I was, and can hear quite distinctly. My throat has been well about three months, the cure of which has been effected by your Sarsaparilla.

Your friend, LOUISA R. BEVAN.

Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton st. N. Y.

Sold also by Dr. R. R. Hazard and R. J. Taylor Newport, by J. Russell, Fall River, by C. Dyer, Providence, and by Druggists generally throughout the United States.

Price $1 per bottle. Six bottles for $5.

JONE'S SOAP.

Ladies in the country and watering places,
See how the sun has burnt your faces!
Look at your necks—how yellow, dark with tan;
Why, 'twill repulse the love of any man!
Those freckles, too, you know they'd quickly fly
If Jone's Soap you'd use; come once—do try—
It costs but fifty cents, and I am told
It's worth, aye, doubly worth, its weight in gold.

☞ Persons who have had no faith in it, have been astounded at the wonderful effect of Jones'—that is, the genuine Jones' Soap—in peautifying the skin. For sale by Dr. R. J. Taylor.

WARREN, August 22, 1846.

Dr. Boardman—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the Lace which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lace, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

☞ Radway's Chinese Medicated Soap is superior to all imported French, Berlin, and other Soaps. Tan, sunburn, pimples, blotches, pustules, ring-worm, salt rheum, erysipelas, rash, scurvey, the bites and stings of musquitoes, rough and discolored skin, pale and sickly complexion all yields to the curative propensities and beneficial influence of this valuable and delicious emolient. In fact, be the complexion ever so disfigured, or the skin discolored or diseased, Radway's truly excellent medicated soap never fails in rendering the skin soft, smooth, fair, sweet, clear and healthy. Many persons suffer great annoyance during the summer season from the troublesome insects musquetoes. Those persons, subject to those annoyances, by applying Radway's soap to such parts of the cautile as is bitten, it will instantly alleviate the pain, subdue the irritation and instantly remove every vestage of blemish. For general toilet soap it is unequalled, it proves an agreeable perfume, and is entirely free from all poisonous admixtures, or irritating ingredients. It is much cheaper than any other medicated soap, and is acknowledged by thousands to be superior to all others ever offered to the public. No Chinese Medicated Soap is genuine unless signed, R. G. Radway. Be sure to ask for Radway's Soap, and take no other. Sold for 12½ cents per cake, by Dr. R. J. Taylor.

GENUINE BEAR'S OIL—Highly Perfumed.—Perhaps our ladies and fashionables are not aware that three-quarters of the "Bear's oil," (so called) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. The real Bear's Oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

Nos. 83, 85, 87, Broad-street, Providence.

THE subscriber having recently leased the entire upper part of the genteel and commodious brick house adjacent to his Eating Saloon, in Broad street, begs leave to inform his friends and the public generally, that he has just opened in connection with his Eating Saloon, an extensive suite of Lodging Rooms. His establishment will hereafter be conducted therefore, on the European Plan—that is, visitors will be accommodated with lodgings either by the day or week, as may be desired, upon the most favorable terms; while in the Eating Saloon, meals will be served up to order, at all hours of the day and evening, at prices entirely satisfactory. The Lodging Rooms will be found to be spacious and airy, and the beds and bedding at all times clean and comfortable. In the Eating Saloon will be found an extensive Bill of Fare, (comprising all the varieties and luxuries offered at the best hotels,) any portion of which will be served up at any time in the best style and upon the very lowest terms.

Adjoining the Eating Room is a commodious Reading and Sitting Room, elegantly decorated with numerous costly paintings and engravings, and furnished with an extensive cabinet of curiosities, containing a great many rare and interesting things from all parts of the world. This room is regularly supplied with all the city papers; with many of the New York and Boston Journals, and with the magnificent London Pictorials.

In addition to the accommodations offered to gentlemen at this establishment, the subscriber has also handsomely furnished apartments for ladies, where they can at any time be furnished with dinner or tea, or with cake, confectionary, ice-cream, soda, &c., &c.

The subscriber would also give notice that he is constantly receiving fresh Oysters by the steamers, and that they may be obtained at his Saloon, in excellent condition throughout the season.

Merchants, travellers, and citizens generally, are invited to favor the subscriber with a call, as he believes his establishment offers peculiar advantages which need only to be seen to be appreciated. July 13

CLOVE ANODYNE TOOTH-ACHE DROPS.--The Clove Anodyne is the best of all Toothache remedies. It is immediate and certain in its effects, curing the most violent tooth-ache, or pain in the gums in ten minutes. Experience has proved that this Anodyne composition will give immediate and permanent relief, after the failure of every other remedy; it is pleasant to the taste and smell; will not injure the teeth or gums in any way, and a few applications will entirely renovate the pain and soreness from a decayed tooth, so that it may be filled and rendered useful as ever. When the pain proceeds from the face or gums around a tooth apparently sound, this application will give immediate relief, by rubbing a few drops to the part affected. Price 25 cents. Prepared and sold by HENRY JOHNSON, Chemist and Druggist, 273 Broadway, corner of Chambers street, in the granite building. Sold in Newport by R. R. HAZARD, near the Court House. Aug 18tf

The American Improved Hygeian Vegetable Medicine.

☞SAFE, CHEAP AND EFFECTIVE.☜

This medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple AID to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful *trial* as a test of its curative properties.—During the last twenty years it has worked its way into extensive use, *wholly upon its own merits*, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has measurably compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and *knows it* to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand mere *assertions* in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known SOLELY to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the harshest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxuriant state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls.—When used on children's heads, it lays the foundation of a good head of hair.

Manufactured and for sale by WM. BOGLE, 228 Washington, corner of Summer street, Boston. Sold in Newport by R. J. TAYLOR.

A Treatise on the Anatomy and Physiology of the Hair, with directions for preventing baldness, removing dandruff, and preserving the natural beauty and softness of the hair, by WM. BOGLE, accompanies each bottle. Aug. 24—1y.

TO THE AFFLICTED. DR. BANNING'S PATENT LACE!

An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Prolapsus, and Diseases of Women, without Medicines.

THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Griscom of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman,

Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit. Yours, &c. WM. RANNEY.

Dr. G. M. Boardman,

Middletown, June 25, 1843.

Dr. Boardman,

Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, prolapsus of the womb, &c., were relieved after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument.

aug. 29tf. STEPHEN BROOKS, JR.

PROVIDENCE, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces She has been out of health about two years and has worn a different Supporter from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher, J. * *.

Doctor Boardman, proprietor of Bannings celebrated Patent Body Brace, for this state, has taken rooms at No. 8, Broad street, where he may be consulted, free of charge. He is enabled to treat, successfully, cases of Rheumatism, Neuralgia, Headaches, Deafness, loss of Voice, Bronchites, Weakness and curvations of the spine, and chronic diseases generally. He is enabled to refer to numerous cases in Providence, and this town. aug28

MR. ABRAHAM VANDERBEEK, of 98 Avenue D., New York, certifies that his head was entirely bald on the top, and by the use of two 3s. bottles of Jones' Coral Hair Restorative, he has a good crop of hair, and will soon have it long and thick.

Mr. William Jackson, of 80 Liberty street, Pittsburgh, Pa., certifies: On the 3d of February, 1847, that Mr. Thomas Jackson's head, on the top, was entirely bald for 15 years, and that by using two 3s. bottles of Jones' Coral Hair Restorative, the hair is growing fast and thick, and will soon be entirely restored.

Gray Heads! Gray Head! Read—I hereby certify that my hair was turning gray, and that since I have used Jones' Coral Hair Restorative, it has entirely ceased falling—is growing fast, and has a fine dark look. Before I used June's Coral Hair Restorative, I combed out handfulls of hair daily. WM. TOMPKINS, 92 King-st., N. Y.

Mr. Power, a grocer of Fulton-st., had his hair choked up with dandruff, and Jones' Hair Restorative entirely cured it.

Do you want to dress, beautify, and make your hair soft and fine? Read—I, Henry E. Cullen, late barber on board the steamboat South America, do certify that Jones' Coral Hair Restorative is the best article I ever used for dressing, softening, cleansing and keeping the hair a long time in order; all my customers prefered it to any thing else.

TO THE LADIES IN PARTICULAR.

MY DEPILATORY POWDER has been found highly beneficial and of great use to ladies who have been afflicted with superfluous hair, principally when its growth has been confined to the upper lip and side of the face, giving a masculine turn to the whole features. When used with proper care, and according to the directions, it will be found to be a great addition to the toilet, as the use of any sharp instrument is entirely avoided, and the hair is removed in five or ten minutes after its application.

This composition is infallible, and warranted to remove superfluous hair. After numerous trials, I have received certificates of success which cannot be contested. For sale, wholesale and retail, at

MOTHER'S RELIEF.

IT is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose;—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your especial and general good that you should make use of one bottle of the MOTHER'S RELIEF before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all ferbrile and nervous affection. It smoothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflamation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilities the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may eb depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasams, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invte all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its benefical effects.

CAUTION TO PURCHASERS.—Ask for BARTHOLICK'S Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a fac simile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to. DR. G. A. BARTHOLIC,

Miracle.

ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institution of France. The aged, white headed President, his head bare, his arms outstretched, his face radiant with smiles, (for science was triumphant,) and his voice with gratulatory tone, delivered the following report:

"We are astounded at this singular preparation. Where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease? The Negro, the Creole, the Yellow Race of the East, and the Red Man of the far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)

There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of JONES' ITALIAN CHEMICAL SOAP, in curing Pimples, Blotches, Salt Rheum, Scurvy, Erysipelas, Sore Heads, Old Sores, Beard and Barber's Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn, and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement. Read these certificates:

[From the N. O. Sentinel, Oct., 1844.]

One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.

James Eltham, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for Jones' Italian Chemical Soap; and perhaps, as many who have been cheated with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it; but always see that the name of T. JONES is on the wrapper. For sale in Newport by R. J. TAYLOR.

READER! READER

If you are afflicted with Bronchitis, Asthma, Obstinate or common Coughs and Colds, Spitting of Blood, Bleeding of the Lungs, Whooping cough, croup, difficulty of breathing, sore throat, hoarseness, first stages of consumption, and all other Pulmonary or Lung Complaints, try

DOCT. EMANUEL'S BALSAMIC LUNG AND COUGH JELLY.

THE materials of this Jelly are purely vegetable and balsamic, and are the invention of an eminent physician, from whom the proprietor has purchased the recipe. It is certainly worth its weight in gold, but is put at a price to be within the reach of rich and poor.

Names and residences of persons residing in the city of New York, who have been cured or benefited by Dr. Emanuel's Balsamic Cough and Lung Jelly, when it was prepared in another form:

Mr. Hiram Anents, 113 William-st., N. Y., had for some time, a dreadful pain in his side and chest, with a hacking cough, and shortness or difficulty of breath. He used part of a bottle of Dr. Emanuel's Balsamic Lung and Cough Jelly, which perfectly cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very obstinate cough and cold. She tried every other remedy in vain, and Dr. Emanuel's Balsamic Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful hearts of these respectable citizens of New York, appeal to your hearts and understandings, if you are afflicted with any pulmonary complaint, cough, cold, &c.

Mr. L. W. Conklin, 102 Eldridge-st.
Mr. Alonzo Brown, 72 Reade-st.
Mrs. Morgan, 162 Front-st., Brooklyn.

Orange country, April 19th, 1846,

DR. EMANUEL,

Dear Sir:—You may perhaps think my statement almost incredible. My reason for fearing so is the fact of your never recommending your Jelly for the cure of confirmed consumption, but only in its primary or first stages. I have every reason to believe that I was in its last stage; my physician told me so; my friends told me so; as well did my symptoms, for they were truly alarming; and I felt fully convinced, that unless relief was obtained, I must soon be consigned to the narrow confines of the silent grave. But by the timely use of your remedy, I still live, and again enjoy my former good health. I had, indeed, dear sir, all the alarming symptoms you speak of as forming consumption in its worst stage; but by the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity,

ISAAC J. REED.

And now, reader, having given you a plain statement, let me conjure you to pause, ere it is too late; try this Balsamic Lung Jelly—try it. I have put its price to you as low as I can afford; if you use it, and succeed in curing yourself, I shall have the gratification of having rescued another from consumption; and I hope, in return, that you will not withhold from me your name, and a statement of your cure.

Dr. Emanuel's Balsamic Lung and Cough Jelly, is sold by the Agent; R. J. TAYLOR.

Price fifty cents a bottle, or larger sizes one dollar. Dec. 11.

MY EAU LUSTRAL HAIR RESTORATIVE.

This universally approved and admired article, free from ardent spirits, pungent essential oil, and other destructive materials, cleans the hair expeditiously, renders it beautifully bright, and imparts to it the delicate fragrance of the flowers. Hair washed with this Extract soon become pleasingly soft and luxuriant in its growth, and it will positively bring in new hair on bald heads by its use; and hair that has been made harsh, and is turning gray or falling out, by the use of spirit or other improper preparations, will soon be restored to its natural color and brilliancy, by a few applications of the Eau Lustral.

It is a preservative against baldness, and an infallible cure in all affections of the skin on the head, as dandruff, and for preventing the falling off of the hair and turning gray.

Evidence.—Nature is an inexhaustable mine, in which experience and study will always find room to excavate; it is that source alone which produces all that man calls invention, and which he would do better, perhaps, to name adaptation.

Coggeshall & Bliss' Patent Cooking Range.

THE subscribers have just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public.

This Range may be set in the ordinary fire place and by a simple, though effectual apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney.

Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction.

This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Ranges, or cook stoves. It contains five boilers, four of which may be converted into two, by taking out a cross piece, and thus will admit of two large boilers at the same time. It also contains and Oven 12 inches wide by 21 deep, which cannot be surpassed for baking.

The subscribers have one of their Ranges in operation at their store, where the public are invited to call and examine it, and if they will, they must at once discover its utility. They also keep constantly on hand all kinds of Parlor, Office, and Cook Stoves, Tin Ware, &c., &c.
